The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great sea-ports of the Empire by submarine electric telegraph cables, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following port, viz:

Population.

Canton.....1,000,000

Amoy.....250,000

Swatow.....250,000

Wangchow.....250,000

Ningpo.....250,000

Hangchow.....250,000

Shanghai.....1,000,000

Total.....5,000,000

These ports have a foreign commerce of \$900,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of China, and laying down a line of nine hundred miles at once, between the following port, viz:

The cable being laid, this company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the confidence of the telegraph, and the business, and of social life especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the east densely populated, but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes, give the local magistracy make her population Four hundred and Forty million, and this is more than likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can read and write, but her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every preferred facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it is not permitted to be used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter.

No enterprise commends itself as in a greater degree remunerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

For the stock of this Company has been un-qualifiedly recommended by capitalists and business men, as a desirable investment by editorial articles in the New York Herald, Tribune, World, Times, Post, Express, Independent, and in the Philadelphia North American, Press, Ledger, Inquirer, Age, Bulletin and Telegraph.

Shares of this company, a limited number, may be obtained at \$50 each, \$10 payable down, \$15 on the 1st of November, and \$25 payable in monthly installments of \$2.50 each, commencing December 1, 1869, on application to

Hoodland's Column.

YOU ALL HAVE HEARD OF

HOODLAND'S GERMAN BITTERS,

AND

HOODLAND'S GERMAN TONIC.

Prepared by Dr. C. M. JACKSON, Philadelphia.

Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonic. They are no tasters, and are not of any thing like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,

DYSPEPSIA,

Nervous Debility,

JAUNDICE,

Disorders of the Kidneys,

ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, stomach, or

impurity of the blood.

Constipation, Flatulence, Icteric Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Digestion for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swelling of the Head, Harried or Difficult Breathing, Fluctuating at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the sight, Dizziness in the Head, Dimness of Perception, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flashes of Heat, Burning in the Flesh, Constant Imaginations of Evil and Great Depression of Spirits.

All these indicate diseases of the Liver or Digestive Organs, combined with impure blood.

HOODLAND'S GERMAN BITTERS

is entirely vegetable and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Berries from which these extracts are made, are gathered in Germany. All the medicinal virtues are ex-tracted from them by a scientific Chemist. These extracts are compounded in the purest manner, and are entirely free from any kind of poison. The Bitters can be used in cases where alcoholic stimulants are not advisable.

HOODLAND'S GERMAN TONIC

is a combination of all the ingredients of the Bitters, with PURE SODA GRAM, Orange, &c. It is used for the same diseases as the Bitters, in case where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of ruin in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoodland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an increase of the force of the system, to digest, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous man.

Weak and Delicate Children are made strong by using Hoodland's Bitters or Tonic. They are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of sixty.

These remedies are the best

Blood Purifiers

ever known and will cure all diseases resulting from bad blood. Keep bad blood out of your Liver in order to keep your digestive organs in a sound, healthy condition, by the use of Hoodland's remedies. The best men in the country recommend them. If years of honest reputation go for anything, you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

I find that "Hoodland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.

Yours Truly,

J. H. KENNARD.

FROM HON. JAMES T. MOORE,

Judge of the Supreme Court of Pennsylvania.

I consider "Hoodland's German Bitters" a valuable medicine in cases of attacks of Indigestion or Dyspepsia. I can certify that I have never experienced it.

Yours Truly,

J. H. KENNARD.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. JACKSON—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined. But with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoodland's German Bitters, I depart for one from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually I do not. I do not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD.

CAUTION.

Hoodland's German Remedies are counterfeited. The Genuine have the signature of C. M. JACKSON on the front of the outside wrapper of each bottle, and the name of the bottle blown in each bottle. All others are counterfeit.

MISCEGENATION.

A Negro Marries a Radical's Daughter and Seduces her Sister.

Mr. Daniel Hoy is a radical who lives in Lorberry, about four miles above Pinegrove, in this county. He is a daughter believer in the doctrines, teachings and principles of Radicalism, and regularly votes the Radical ticket. He was an advocate, too, of the fifteenth amendment, and treats the negro as "a man and brother." Mr. Hoy has a daughter Eliza by name, who is very fair to look upon. John Bowe is one of the "coming men," as black as the ace of spades, but what else there is enticing about him we are unable to say. Between John and Eliza some time since there sprung up a warm intimacy and affection, which resulted about two weeks since in the twain being united in the holy bonds of matrimony by a Radical clergyman of Pinegrove. Now they are man and wife.

But "the course of true love never did run smooth," and Mrs. Bowe's father has raised a storm of indignation over the result of his own paternal teaching and belief. His daughter believed that her safe lover was "a man and a brother," and as good as she was herself. What difference to her if his skin was many shades darker and blacker? Him she loved and to him she pledged her vows. He was her all in all, her present and future, the sunlight of her existence. Were ever the characters Othello and Desdemona better assumed? What the sequel will be, remains to be seen, as the father of Mrs. Bowe is still on the war path after the clergyman who disgraced his manhood and calling by tying the nuptial knot between two such lovers!

But this is not all. Mrs. Bowe has a sister, as fair to look upon as she. Between this sister and Mr. Bowe an intimacy has also existed the fruits of which will be repeated shortly. "She loved not wisely, but too well," and soon another Japhet will appear in search of a father. She has heard of, read of, and seen many a black sheep in a flock, and from her conduct she seems to prefer the black! To her sorrow and shame she has found out what a gay deceiver this black Lothario has proven himself to be. We presume Mr. Bowe is a happy "man and brother," being the husband of one sister, and so soon to assume paternal relations to a little "kinky," and the mother of whom we have already described. So much for Mr. Bowe, Mrs. Bowe and her sister.—Potterville Standard.

LESSONS IN DECENCY—THE NEW AL- LIES.

"Knock down the d-d blue coated white trash." "Let's kill every d-d Democrat." Such fellows citizens were the cries under whose influence the glorious Republican party, the party of "great moral ideas," the high-toned gentlemen's party, the all the talents party, went into action in Washington City on the 7th inst., armed with clubs, pistols and razors—the latter the favorite weapon of the freedman—these crazy negroes, incited by such miserable white men as John W. Forney and other speakers at their Republican assemblies, ran riot in their excitement through the streets of our Capital. The police, however, brought these colored gentlemen to their bearings, although "the colored troops fought nobly." Are we to have these scenes enacted here too for the sake of an increased Republican vote? Is our city to be the scene of negro riot and outrage? Is the cry which resounded through the streets of Washington to be re-echoed wherever these demi-savages possess sufficient numbers to endue them with a riotous courage? Surely the party which grovels so low as to ally itself to such auxiliaries, must be condemned as unworthy the fellowship of any man possessing ordinary self respect. The dusky barber at Willard's Hotel is Select Councilman, and one of the Common Council is the head waiter at the National Hotel. In a few years our own council may be mottled in like fashion; who knows how soon, for Sambo is strong on the hill, and may command one or two in council. Fought! how the whole thing disgusts a man possessing decent instincts, and how such wanton trifling with the sacred forms on which free government rests fills with serious apprehension every thoughtful citizen.

SUGGESTIONS OF A DEVILISH HEART.

The Washington correspondent of a Sunday paper, after stating that Gen. Butler had called on the President and the Secretary of War, to urge the adoption of measures for the punishment of crimes committed in the Southern States, remarks:

It is understood that Secretary Rawlins appreciated the gravity of the situation, and will shortly issue orders to officers of the army commanding in the Southern States, directing that, whenever a political murder occurs, the troops shall arrest all the principal male citizens within a radius of two miles of the place where the affair may have happened, and keep them in confinement as hostages until the perpetrator of the murder is discovered and punished.

This solution of the trouble hardly comes up to General Butler's ideas of what should be done. He held that nothing less than a terrible example will prevent the repetition of such murders, and believes that whenever a political murder is committed, the country, for ten miles square from the scene, should be devastated, and not a human habitation nor crops should be left to shelter and sustain those who, while they may not be actively guilty, passively encourage such crimes.

FOR THE CAMPAIGN!

RALLY IN YOUR MIGHT!

Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall understand the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they believe to be that duty when they come to cast their ballots. In order that the questions to be voted upon at the coming election may be fairly and fully presented to the public, the *Bedford Gazette* will be furnished for the campaign, at the following low rates:

One copy.....\$0.50
Three copies.....1.20
Five copies.....1.75
Ten copies.....3.00
Twenty copies.....5.00

In all cases the cash must accompany the order. We respectfully ask the active men of our party to get up clubs for the campaign at every post-office in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers. It ought to be an easy matter to raise a club of twenty at any post office. Address MATHEWS & MESSEY, Bedford, Pa.

THE ISSUE.

The radical leaders have thrust upon the people the issue involved in the Fifteenth Amendment. They have done this despite their pledges to the contrary. They have done it in defiance of the wishes of a large majority of their own party.

It is now certain that the Amendment cannot be ratified this year. Therefore it is in the power of the people to defeat it, if they will. A Governor and Legislature pledged to the repeal of the act of last winter ratifying the Amendment, can be elected in this State, if the question at issue be properly placed before the people. But this is the only hope of cutting the chains which now bind Pennsylvania to Negro Suffrage. If a democratic Governor and a democratic Legislature be not elected this fall, the act of last winter ratifying the Amendment will be allowed to remain undisturbed and the Keystone State will have sold her birthright forever. Now, then, is the time to strike for deliverance. Next year it will be too late. At present we are still free to control the subject of suffrage in our own way. A year hence, if we fail to assert our rights now, we shall be tied hand and foot. Let every man who is opposed to the adoption of the infamous Fifteenth Amendment remember this and act accordingly.

The worst feature of this pet measure of the radicals, is not Negro Suffrage *per se*, but it is the surrender of the right to regulate the elective franchise which is demanded of the people. The Amendment provides that Congress shall have power to enforce its provisions. This takes from the people all control of the elective franchise and vests it exclusively in Congress.

Now, the elective franchise is the basis of our republican institutions. Therefore, the safety of our whole system is entrusted to Congress, and that body can, at its pleasure, preserve, or overthrow, our form of Government. From this it will appear, too, that whilst it is pretended that the Fifteenth Amendment extends political rights, it really curtails and destroys them. Of what use is the ballot to the Negro, or anybody else, forsooth, if Congress may direct how that ballot shall be cast?

Such, then, is the momentous issue forced upon the people by the radical leaders. It must be met; it must be discussed; it must be pressed home to the judgment and conscience of the voter. Shall the elective franchise be saved to the people, in its purity? Who is the miserable wretch that dares to say, No!

The Radical love for the maimed soldier is manifested everywhere. The mongrel legislature of New York lately refused an appropriation to the Soldiers' Home, and in consequence it had to be closed. James Longstreet, the great executive and strategic General of the Confederate army, is well provided for by the "lily" worshippers, but the poor maimed soldier, who was promised everything, is left to enjoy the laurels of a lost limb and a broken constitution, and to grind out a livelihood upon the hand-organ. This is mongrelism; and the "negro fought bravely."

THE STAKE IS TOO GREAT.

A Governor and Legislature are to be chosen at the coming election. There is good reason to hope that the day of democratic success is about to dawn. The passage of the Fifteenth Amendment, by Congress, its ratification by the snap judgment taken by the last legislature, the excesses and corruptions of the radical party, the failure of Grant's administration to restore tranquility and prosperity to the country, all conspire to strengthen the democracy. We must and will triumph at the next election. The people cannot afford another defeat. The stake is too great; it is that of the preservation of the freedom and purity of the elective franchise. Therefore, it becomes our duty to act in concert and to frown upon every effort to stir up dissensions in our own ranks. Selfish interests pale into insignificance before the safety of the momentous trust given us by God Himself, *Free Government*. We cannot permit the grievances and interests of any man to outweigh in our estimation the grievances and interests of a whole people.

No! the stake is too great. Our duty bids us harmonize. What if by our bickering and disputes over matters purely personal, we should throw away the chance which Providence seems to have given us for the redemption of the State Legislature! How would we not blame ourselves in the future if by our own wilfulness this God-given opportunity should be lost! In order that the act ratifying the Fifteenth Amendment may be repealed, we must send a majority of democrats to the next legislature. This can be done with the aid of our own district. We have a fair prospect of carrying this district for both Senator and Representatives. But if men who failed to get nominations at the recent primary elections insist on doing nothing but uttering complaints about their own failure and threatening to oppose the ticket, can we expect to succeed? It is the business of every democrat to speak out for the ticket; the man who speaks against it places himself outside the pale of the party. We must have harmony in our organization. He who persists in making strife, is against us and will be placed where he belongs. Close up the ranks! The stake is too great to deal tenderly with the unfaithful.

The City Council of Washington, composed in good part of negroes, proposes to take what Ben Wade calls a "jump ahead," by repealing the license of all hotels which refuse to receive and accommodate white and black guests on equal terms. We trust our Radical friends will not complain about this for it is but the natural and logical result of their teachings and preachings during the past few years. When Democrats predicted such things as the inevitable consequences of "equal rights," they were sneered at and denounced. And the end is not yet. It will not be long before the negroes throughout the South, where they have the power, will take still bolder steps to break down the barriers which nature and custom have raised up between the two races. During the French Revolution, when the Abbe Sieyes expressed his astonishment at some measure proposed in the Assembly, Mirabeau turned to him and said, "My dear Abbe, you have loosed the bull; do you think he will use his horns?" The Radicals have "loosed" the African bull, and the manner in which he will "use his horns" pretty soon will astonish most people.—*Titusville Star*.

UNANIMITY is power! Let us teach the Radicals this lesson. They are watching, as eagles do for their prey, to seize upon weak points in our organization. They are striving to get up independent candidates, in order to disorganize the democracy. Are you so easily imposed upon, fellow Democrats? We think not. Let us show them a united front. The stake is too great to risk defeat by divisions among ourselves. Let true men speak out for the ticket!

ENGLISH and French ministers in Washington are in a fair way to be considered disloyal, as they refuse to receive at their residences, on terms of social equality, the recently elected negro officials of Washington, on the ground that they were but a short time since their barbers, boot-blacks, etc. Such squeamishness as this on the part of our foreign ministers is certainly ridiculous and will give currency to the report that they are copperheadishly inclined. You must reconstruct, gentlemen, or resign and let some one take your place more loyally inclined.

THE North is not "educated up" to the point of conferring the most responsible places of trust and honor upon the negroes; but it isn't thought necessary to educate the South in this respect: black "Senators," and "Councilmen," and "Postmasters," and "Assessors," etc., are forced upon her people. And yet the Radical papers talk about the great advance in "moral" ideas! Just as though there could be any moral advance in compulsion.

The leading Radical organs in this country are much exercised at the manner in which the French Government controlled the recent election. And yet there were no negro riots, no bayonet-guarded polls, no ballot box packing, none of the controlling influences that the sympathetic Radicals think nothing of using to gain a political victory in this land of the free.

GRANT has just appointed a negro to a lucrative office in Texas over a dozen white Union soldiers who were applicants for the position. That sort of recognition of the claims of the soldiers by the President delights the Radical newspapers. The Philadelphia *Morning Post* says:

One of the best features of Grant's administration is the numerous appointments of colored men to office in the South.

There are so few things about Grant's administration capable of eliciting praise, even from Radical sources, that we are scarcely surprised at the above paragraph. He has proven to be a wretched failure.—*Lancaster Intelligencer*.

The great hum-bug of the day, is the great "Peace Jubilee," now holding at Boston. President Grant is there, and hundreds of others who made fortunes by the war, and by robbing the Treasury. They succeeded in producing terrible discord all over the country by their war-cry; they will hardly do better by croaking "peace."

The City Councils of Washington have passed an ordinance imposing a fine upon the proprietor of any place of amusement, who will refuse admittance to the negro to those parts of the house occupied by white persons. Few holders of churches—not as good as Ford's theatre—will be the next to be forced open to the negro.

W. B. STOKES, the man who sold the last negro slave that was sold in Tennessee, and who was one of the first to raise a rebel regiment to "strike at the life of the nation," is now the Radical candidate for Governor. Verily, he is a fit candidate of the party that supports him.

THE Registry Law has been declared unconstitutional by Judge Sharswood, sitting at Nisi Prius, on Saturday last. An injunction has been granted to restrain the Aldermen of Philadelphia from proceeding with the registry of voters.

THE "good times" farmers and others were to be blessed with, for voting the mongrel ticket, seems to be the good time they are having, trying to raise money enough to pay the radical taxes levied upon them.

Six of the worst roosters of the Philadelphia delegation in the Legislature, have been renominated by the loil men of Philadelphia. A portion of the Radical press in that city squarely bolt these nominations.

FLORIDA has ratified the Fifteenth Amendment, and all the Radical newspapers in the country are rejoicing that another step has been taken toward the negro equality.

THE N. Y. *Observer*, a leading Presbyterian organ, advertises for "an honest man's party." Let it join the Democratic party, and shun the party of political clergy.

ANOTHER of the Washburn family is to have an office, the radical convention of Vermont having nominated Peter T. Washburn for Governor.

PHILADELPHIA.

PHILA., June 17th, 1899.

The most imposing pageant ever witnessed in any city, we presume, was that of the Masonic Knights Templars on last Tuesday. The scene on Chestnut street was truly inspiring. Every flag-staff displayed colors in honor of the event: every window and available space where a good look out could be had, was filled by an anxious and expectant crowd. We had recently seen the grand parade of the Odd Fellows which was elegant and great; and also the Red Men which surpassed the former in the richness of their banners, etc., but the whole was eclipsed by the Knights Templar, an order dating its existence from the Second Crusade, and which was the finest and best disciplined part of the army. The parade formed on Broad street and at 9 A. M., took up the line of march down Chestnut. The music of the bands, the brilliant display of banners with Grecian, Latin and Maltese crosses in red, the beautiful and chaste uniform, chapeaus, red belts and white silk sashes bordered with black, dangling swords and a black broad-cloth dress, the prancing of fiery steeds, bouquets of rare flowers showered on the line, and the glitter of ornament everywhere, all constituted a scene which it is impossible to forget, and which reminded the student of history of the days of Godfrey and Brian de Bois-Guilbert. The parade was perfect. No better disciplined men ever trod the cobble stones of Philadelphia. At the word of command the different Commanderies formed squares, triangles and crosses. The aids were mounted on richly caparisoned chargers attracting general notice. A finer body of men, in all that constitutes physical perfection and the true gentleman was never seen.

We have only time to notice that after the parade the Knights assembled in Horticultural Hall, where an address of welcome was extended by Hon. Richard Vaux, after which a masterly oration, by Prof. Allen, of Girard College, was delivered. At night, we are informed, a ball in the Academy of Music, concluded the festivities. Seven thousand persons participated in the amusement. All the ladies were in full ball costume and the Knights in full ball uniform. Taken all in all, as a civic demonstration, it was incomparable. As we did not witness the closing scenes we can only say:

Good Night!
and hope their swords may ever be drawn, where need be, in defense of so good and great a cause as Ancient Freemasonry.

ACADEMY OF FINE ARTS.

Westroll thro' the Academy every few days. It is a pleasant place to rest from heat and bustle, and let your thoughts go out on the grand scenes brushed out of ideal land. The great pictures are West's "Death on the pale horse" and "Christ rejected." You have heard so much of and probably seen them, that we save some ink there. It is a dreamy, classic place, that musty old Academy, and you can feast your eyes on a sunset scene by Weber, and imagine you are in the woods, and hear the mournful notes of the dove calling her mate to rest as the last rays of the sun fall on the tops of the trees. It is a sweet scene and recalls thoughts of home and times long gone. We like Weber because he touches the heart so tenderly. But you need not fear. I shall tire you by going thro' the whole building and dragging you along by the coat collar and create a scene like that of the Centaurs. But we wish you with us one half day and could leisurely enjoy the grand creations of poetic minds: for there is pleasure in a change from such grand scenes as you enjoy to these where imagination lends a softer hue and tinge, and where you have not your reverie interrupted by a bug traveling up your trousers' leg or a gnat buzzing in your ear. Give me a seat with my sweet-heart in the Academy, in preference to the annoyances of a chat under a tree—just about now. Please loan me your fan. Did you inquire whether we had any

STRAWBERRIES!
Yes, some! I like the country for one thing—they raise all the strawberries. I like the city for another—here they eat them. They are abundant, very fine and cheap, so that all can enjoy them from seven cents a quart up to the Agriculturist at twenty. About five of these will fill a tin. I dropped into the Continental with some such with a friend. Had them smothered in ice cream, so they would go down easy. Right before me, would you believe! was my innamorata sitting. Did you ever feel your heart in your throat? Well, suppose you had just started down a strawberry as large as a tomato! How would you feel then? Do you know Josh Billings? He must have had a dish of those same. We will let him dilate while you and I take a few more.

Cherrys is good, but they are few much like sucking a marble with a handle to it. Peaches is good, if you don't get enny of the pin feathers in 'em yure lips. Watermelons will suit ennybody who is satisfied with half-sweetened drink; but the man who ken eat strawberries besprinkled with crushed sugar and bespattered with cream (at sumbody else's expense), and not lay his hand on his stummock, and thank the author uv strawberry and stummocks, and the phellow who pays for the strawberries, is a man with a worn out conscience—a man whose mouth tastes like a hole in the ground, and don't care what goes down it.

We have now another gush of hot weather, and our denizens are packing for watering places. As ever,
LINDEN.

BRIEF NEWS ITEMS.

The body of an unknown white man was found in a mud-hole near Memphis, on Saturday, the 12th inst. The deceased had been murdered, and evidence of a desperate struggle was everywhere visible in that immediate vicinity.

A letter from Delaware says: "The fruit prospect is magnificent. The whole State is full of strawberries now at six cents per quart. Blackberries will be more plenty than mosquitoes everywhere. Peaches will be a full crop and unusually large and luscious, if the weather be dry."

General Rosecranz has been honored with a banquet on his retirement from the Mexican Mission. His successor, Mr. Nelson, is greeted by the Mexican press as "a ferocious man," sent out by General Grant to get Mexico into trouble.

The negroes in Jones county, N. C., are burning buildings, shooting citizens, and committing all sorts of outrages in retaliation of the recent murder of Sheriff Colgrove, a detestable and tyrannical Radical official.

President Grant imposes the management of affairs upon those around him. He departs from this rule, however, when people call at the White House with presents—then he takes things into his own hands.

Charleston, S. C., is suffering from an unparalleled drought, no rain of any consequence having fallen since March 17. Farms are suffering, cisterns are dry, and water commands high prices. On the 15th inst. a prize fight took place twenty miles from St. Louis, between two bruisers named McCoolle and Allen. Nine rounds were fought. Both parties suffered severely, and McCoolle was declared the winner.

STANTON, June 14.—Jesse Edwards, the colored man who committed a rape on Miss Susan Hite, a respectable young lady of Rockbridge county, and then murdered her, was taken out of the county jail by four men and hanged to a tree, six miles from Lexington. Edwards had previously confessed the crimes. The lynchers denied admittance under the pretence that they had a desperado under arrest and desired to imprison him.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup.
Schenck's Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work: then the appetite becomes good, the food digests, and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient coughs the disease and gets well. This is the only way to cure consumption. To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, relax the bowels, cleanse the bile ducts of the gall-bladder, the bile starts freely, and the liver is soon relaxed; the stools will show what the pills have done, and the patient will be able to eat food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop expectoration, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, looking up the stomach, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, hectic fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Cancer, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleurisy, adhesion, or a cancerous growth, and the food and fast decay. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to eat food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to get the lungs consumed, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirator the price is \$5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each \$1.50 per bottle, or \$7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

HUNTINGDON AND BROAD TOP R.R.
SUNDAY ARRIVAL.—TIME TABLE.—On and after May 24th, passenger trains will arrive and depart as follows:
Mail Train leaves Mt. Dallas at 1.00 p. m., arrives at Huntingdon at 4.20 p. m.; leaves Huntingdon at 5.40 a. m., and arrives at Mt. Dallas at 11.52 a. m.
Express Train leaves Mt. Dallas at 6.35 a. m., arrives at Huntingdon at 10.10 a. m.; leaves Huntingdon at 5.55 p. m., and arrives at Mt. Dallas at 9.20 p. m.

AN APPEAL.—We clip the following "touching appeal" from an English paper, and commend it to our own subscribers, who are in arrears, for their consideration:

"When not good from them to whom it is due, when it is in the power of these hands to do it, withhold it is the power of these hands to do it."
"We are greatly in need of money just now in order to meet our paper bills and other liabilities, and as there are thousands of dollars due the office from subscribers, we would kindly, but earnestly, ask all who are in arrears to remit immediately, if possible, a part at least of their indebtedness."

HOW MUCH OWEST THOU?
The date opposite the name on the paper is the time to which the subscriber has paid; and means that the subscription year expired with that date (whatever the date may be), and as our terms are two dollars a year in advance, or within six months, and two dollars and fifty cents if not paid within six months, each one can thus easily determine the present condition of his account with this office. *How much owest thou?*

The radicals are wasting their sweetness, on our disappointed candidates. Democrats are too smart to bite at such gudgeon bait as that.

Hartley & Metzger are really the only Agents in Bedford for the sale of the genuine old make of Green Castle Grain Cradles.

PRIZE FIGHT.—There was a regular pugilistic demonstration of the "manly art of self defense," at Bloody Run, last week. The affair grew out of a dispute about an old ram. It proved to be rather a sheepish fight.

The votes of the members of the Methodist Episcopal Church in this and other states, is now being taken on the question of lay representation. The church at this place will vote on the question on Friday of this week.

The Right Reverend Bishop Stevens, of the Episcopal Church will preach and hold a Confirmation in the Court House, on Thursday evening, the first of July. Service to commence at half past seven o'clock.

All the magazines and pictorial papers can be had at the Inquirer Book Store. The new York Ledger, New York Weekly or Saturday Night will be sent to any address post paid on receipt of eight cents.

DECLINED.—A. J. Colburn and Valentine Hay, Esqs., have withdrawn from the canvass in this district, the former for the Senate, the latter for Legislature. J. B. Hicks and Abraham Wilson have been announced as candidates for Legislature—both from Somerset county.

TAN.—Tan may be removed from the face by mixing magnesia in soft water to the consistency of paste, which should then be spread on the face and allowed to remain a minute or two. Then wash off with castile soap suds, and rinse with soft water.

The radicals have not only learned to "jump Jim Crow," but they have swallowed a full fledged "rebel" Crowe, spit him on radical ground, and given him a fat office for his subservience. Rather rough for radicals, but cunning in Crowe.

GONE TO CLEARFIELD.—Quite a number of persons from this place and Cumberland Valley started for Clearfield on Monday, as witnesses in the case of the bank robbers, whose trial takes place this week. District Attorney Kerr, Sheriff Steckman and Deputy Huzzard are with the party.

On the 7th inst., a little daughter of Mr. Robinson, of Duncansville, came to her untimely death from the effects of poison which had been mixed with butter and spread on bread for the purpose of killing rats. Two of the little girls found the bread and ate it— one died and the other is lying in a critical condition.

RADICAL RAFFLE.—The raffle for radical nominations in Somerset county came off on last Saturday week, and resulted as follows:—Senator, Alex. Stutzman; Representative, B. F. Long; Prothonotary, Dennis Myers; Register, D. J. Horner; Treasurer, W. B. Coffroth; Sheriff, Ex-sheriff Josiah Shaffer; Commissioner, John Dumbold; Poor Director, A. Woy; Auditor, H. Fox.

COMPLIMENT TO CANDIDATES.—The Indiana Democrat, after saying, "the democracy of Bedford county have nominated an excellent ticket," pays the following high compliment to our candidate for Sheriff:

"The nomination of that unflinching Democrat, Wm. Keyser, for Sheriff, pleases us immensely. A better Democrat and a more honorable man does not live in that county, and we expect to hear of his election by a handsome majority. We congratulate Mr. Keyser on his good fortune, and the party that they have so worthy a candidate."

SENSIBLE SUGGESTION.—We read of a painter, who recently got off a good joke on the inquisitive, by putting a placard on a building which he was painting, with the following words:

Answers to all questions.—Building red, Sashes Blue. Bricks to be penciled if the money holds out. Only one coat. Hudson, painter.

As a joke, this is not bad, and something similar might relieve men of all pursuits from answering many inquiries.

MENGEL HOUSE IMPROVEMENT.—Mr. Isaac Mengel, the enterprising proprietor of the "Mengel House," on Juliana street, has made vast improvements to his well known public house. The outside of the building has received a coat of beautiful paint; two elaborate arched doorways have been put up, in which are hung lamps that are ornamental as well as useful. The internal improvements are of a superior kind. A new dining room has been fitted up, which is a model of taste and convenience. The bar room has been remodeled, and the old dining room converted into a billiard room, and two excellent tables, one a carom and the other a four pocket, have been placed in it. The whole house has undergone a complete change, and externally and internally is scarcely recognized as the same old place. Mr. Mengel deserves the credit of the community, as well as that of the traveling public, for the spirit of enterprise manifested in the improvements made. We understand that Mr. Mengel is about erecting a new billiard room, as the present place proves too small for two tables. When the new building is completed, the bar room will be put in the present billiard room and the former will be fitted up for a gentlemen's reading room. The Mengel House will then be one of the best arranged and most comfortable hotels in the county.

DARING DASH OF DEVILTRY.—*Catling Captured by Cunning Cusses.*—The Thieves Taken in Time.—On last Saturday evening the boldest piece of pilfering that was ever attempted in this county, was committed within three miles of this place. The facts as we can gather them are about these: On Friday, officer DeBaugh received a telegram that two valuable horses had been stolen in an adjoining county, and that he should look out for the thieves.

The next day two suspicious looking characters were seen loafing about town, and Mr. DeBaugh watched their movements closely. He communicated these facts to Sheriff Steckman, who, together with Deputy Huzzard, kept an eye on the maneuvers of the strangers.

Mr. S. S. Fleegel was employed by the officers to act as a decoy, and how well he managed his part of the business, the sequel shows. He got in with the strangers at once, and drew from them all their plans. Everything being arranged, the two with Fleegel, started in the direction of the Springs, a little before sun-down.

When they got near the Arandale House, one of the strangers went into a field and caught a horse, but as the animal did not appear to suit his taste, he let him go again. The party halted at the Springs for a short time, and there Fleegel had the first opportunity to send word to the officers of the intentions of the scoundrels. From thence they proceeded to the farm of Mr. John Shoemaker, of this place, and took therefrom thirty head of cattle. One of the party espied a horse in a field close by and he at once captured him, made a hickory bark bridle, and rode him off. The horse belonged to Mr. Geo. A. Smith, of the "Grove."

The cattle were then driven, at a brisk rate, in the direction of Cumberland, where they were to be sold next day, by a "pal" who was waiting for his thieving confederates. But their game was speedily spoiled. Sheriff Steckman having received the word sent by Fleegel, he, with deputy Huzzard, officer DeBaugh, and others, started in pursuit and overhauled the party at Mr. Samuel Boor's, about eight miles from town, where they were luxuriating on a crock of milk stolen from the spring house. They were arrested, brought to town and lodged in jail.

They had a hearing before Justice Nicodemus, next morning, and were remanded to prison, where they will in all probability remain till September sessions. These audacious adepts—for such they no doubt are—had various projects on hand. If they had not succeeded with the cattle, they had made up their minds to look after the interests of our banks and had a covetous eye on the County Treasury. Their nefarious business has been stopped for a while, we hope.

And he did many wonderful works, inasmuch that his name was pronounced in many tongues. And there came unto him, Judith, from the seaport of New Bedford, who has been sick for many years; and after some days her pains were gone. She slept soundly, and did rejoice in eating her food. And Asa, from those which are called Quakers, in the great city of Philadelphia, wrote an epistle saying: O, Doctor! accept thou this money which is called greenbacks, and hath the picture of Abraham, thy friend, on one end. For verily I was weak, exhausted and despondent; I ate but little, and suffered many pains, and thy PLANTATION BITTERS gave me health, likened only unto the vigor of youth.

And upon such as are afflicted with liver complaint, with sour stomach, with general debility and dyspeptic pains, in all parts of the land did these Bitters produce astonishing cures.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

THE LADY'S FRIEND FOR JULY.—A beautiful engraving, called "My Native Land, Farewell!" leads off the July number of this excellent magazine. Then we have the usual elegant Fashion plate, giving the late Parisian styles; and a fine illustration of the poem, "In an Attic," by Florence Percy; followed by a number of engravings of ladies' bonnets, dresses, jackets, &c. The music this month is the Squirrel Polka. The literary contents as usual, are excellent. Published by Deacon & Peterson, 319 Walnut st., Philadelphia, at \$2.50 a year (which also includes a large steel engraving.) Four copies, \$8. Five copies (and one gratis), \$8. "The Lady's Friend" and "The Saturday Evening Post" (and one engraving), \$1.00. Specimen numbers sent for ten cents.

PETERSON'S MAGAZINE for July is before us. Its unrivaled circulation proves it the most popular of the ladies' magazines. The present issue is one of the best we have ever seen. A capital steel engraving, "The Romance of a Boarding School," leads off; then follows a mammoth colored steel fashion plate, with five full length figures; and then we have numerous wood cuts of new bonnets, bathing dresses, &c., &c., &c. Now is a good time to subscribe for "Peterson's." Terms, \$2.00 a year. Specimen copies sent gratis to those wishing to get up clubs. Address Chas. J. Peterson, 306 Chestnut St., Philadelphia.

THE UNRIVALLED LADIES' MAGAZINE is before us. The steel engraving is superb, and the fashion plate and patterns are all a lady could desire. The literary articles are such as Godey always lays before his readers. This periodical seen determined to keep ahead of all others. Address L. A. Godey, Philadelphia.

MARRIED.
BECKLE—HOLDERRAN—On the 15th, by the Rev. Mr. Beckle, Mr. Charles D. Beckle, of Union township, to Miss Sarah Holderran, of Bedford township.

DIED.
SPARKS—In East Providence tp., this county, of dropsy, June 12th, 1899, David Sparks, Esq., aged 60 years. 1 month and 2 days.

BOYER—On the 13th inst., John Boyer, of Union tp., Bedford county, aged 84 years, 4 months and 4 days.

ELDER—James Elder, son of George and Margaret Elder, was born in Bedford co., Pa., May 13th, 1830, and died in Stephens co., Ill., June 3d, 1889. He moved from Bedford county in 1861. Shortly after coming west, sickness invaded the precious life of our friend, and after several years physical sufferings executed his mission upon a kind husband and father. As such his superior is seldom if ever found. No unkind words escaped his lips, none knew him but to love him. But he has gone—left a wife and two children, father and mother, brothers and sisters, and a large number of relatives and friends to mourn his loss.

Many hearts are saddened by this bereavement. Yet beloved friends your loss is his gain. While we weep over his loss he reposes in the arms of his quiet home, and free from the raptures of his infinite love. Although ravaged with the most excruciating physical suffering, yet his death was peaceful and his last words were of faith, trusting in his confidence in God. He was followed to the grave by a large concourse of his relatives and friends, and he lies in his narrow house in hope of a future life at the resurrection, and that the trumpet may soon herald his resurrection to make the triumphant millions of God's faithful ones.

Sweetly slept, departed husband, In faith and confidence, and friends, And sweeter far than this, another Life immortal thou shalt know.

Long thy memory we will cherish In our hearts, and ever fondly think Thy last farewell shall not perish, But will add remembrance bring.

L. M. DEVORE.

WHAT A CONTRAST BETWEEN A LONG ONE and a SHORT ONE.—It is astonishing how fashion changes a man's appearance. When people are in the habit of using cheap soap, and people wear short coats and hats, and people go to G. R. Oster & Co., for a handsome and fashionable suit of clothes.

SAVE YOUR TIME AND MONEY by going to G. R. Oster & Co. for cheap clothing, and be convinced that the assertion of one man selling 100 per cent. cheaper than another is simply nonsense. Ladies' cotton hose at 10, 12, 15, 20, 25, and upwards.

GALAXY.—The July number of this excellent magazine has been received. To say that this periodical is of the first class order would be superfluous, as its reputation is so well established that it needs no praise from the press. Its literary productions are unsurpassed.

A colony of Japanese has purchased a large tract of land in one of the counties of California, and preparations are being made for its immediate occupation and cultivation. At the rate at which the population of the Golden State has been increasing for a twelve-month past, in consequence of the immense influx of Chinese and Japanese, it bids fair shortly to rival some of the leading Eastern States in the number of its people. Whether the Celestials are the kind of folks wanted by the Californians, is a matter in regard to which the public are not yet informed; but we presume not.

From Hayes City reports come of Indian outrages and murder in the vicinity of Minneapolis. Captain Vic left Fort Hayes yesterday with an escort, taking forty male and female Indian prisoners to be delivered to their respective tribes from Fort Supply. This course is resorted to for the purpose of making peace with the tribes on the war path.

It has been discovered that the grand fiddle-de-dee and rub-a-dub-dub at the hub of the Universe is gotten up as a money-making dodge, and not as a celebration for the restoration of peace and Union. Of course it will attract thousands, and the people and business men of the hub will be benefited in a great measure, and after the performance is concluded and the big drum and artillery laid away, the visitors will return to their homes singing, "Let us have peace."

The first of the new and improved greenback paper has been delivered from the Pennsylvania mills. The paper is what is known as the French silk variety, and through its fibers run threads of red and blue colors. The first issue of the new money will probably be ready on the first of July. All of the present issues of legal-tenders and fractional currency notes will be called in as rapidly as possible.

COLBURN'S PATENT RED JACKET AXE.

Fourth—No time is wasted in taking the Axe out of the cut. Fifth—With the same labor you will do one-third more work than with regular Axes. Red paint has nothing to do with the good quality of this Axe, for all our Axes are painted red. MIDDLETON'S
WONDERFUL PAIN CURE
A sure remedy for Rheumatism, Neuralgia, Lum-
bago, Growing Pains, Sprains, Bruises, Stiffness,
of the Joints and all similar diseases.
This wonderful remedy is composed entirely of
vegetable ingredients. There are no injurious
substances used in its manufacture.
For assurance of its excellent properties, read
the following certificates:

Bedford, May 3, 1890.
I take great pleasure in giving my testimony to
the value of Middleton's Wonderful Pain Cure.
I have been a martyr to Rheumatism for two
months previous to Feb. 25th, last. I was suffering
intensely with pain so severe, that during all that
time I had not one night of comfortable sleep. I
could not put my hands to my face, could not
comb my own hair, nor feed myself; but after
having the Pain Cure applied once, I found relief
enough to give me comfortable sleep, and with
its steady use, I continued to get better, and now
at the end of ten weeks from its first application, I
have comparatively free use of my hands, sleep
well and can attend to business. It has done
more good than all other medicines I have ever
used put together, and I cheerfully give this
certificate of its value.
ELI M. FISHER.

Bedford, April 14, 1890.
Mr. W. W. Middleton.
This is to certify that I was taken with Rheu-
matism, in my right shoulder, on the evening of
the 4th inst., so that I was unable to raise my
hand to my face. I got some of your Pain Cure
and applied it twice, and was entirely relieved.
I would recommend to every one who suffers with
Rheumatism to give it a trial and be cured.
Yours &c., A. F. MILLER.

Bedford, May 17, 1890.
Mr. Middleton.
Dear Sir—I have used several bottles of your
medicine in my family, and find it to be all you
claim for it. Yours truly, JOHN HAFER.

Bedford, May 13, 1890.
This is to certify that I have used Middleton's
Pain Cure, for Rheumatism, and was very much
benefited by it.
JOHN HARRIS.

Bedford, May 13, 1890.
This is to certify that I have used Middleton's
Pain Cure, for Rheumatism, and was very much
benefited by it.
L. F. DART.

Bedford, May 1, 1890.
Mr. Middleton.
Dear Sir—My bowser was in such suffering for
some four weeks with Rheumatism, and got
some of your Pain Cure, and the first night I
applied it it eased the pain; and after keeping
on using it for two weeks, she was restored to
health. I feel it to be my duty, as it is a pleasure
to write this recommendation for the benefit of
others.
JACOB BOWSER.

Bedford, May 16, 1890.
Mr. W. W. Middleton.
Sir—I procured a bottle of your Liniment for
Rheumatism, and it gives me great pleasure in
saying that after using it for two days, my rheuma-
tism was completely relieved. My sister was
suffering from Rheumatism, and was very much
benefited by it. I would recommend it to all
suffering from Rheumatism in her right hand and wrist—after
using it several days she was relieved. I

AYER'S
HAIR VIGOR,
FOR THE RENOVATION OF THE HAIR.
THE GREAT DESIDERATUM OF THE
AGE.
A dressing which is at once agreeable, healthy,
and effective for preserving the hair. Faded or
gray hair is soon restored to its original color and
the gloss and freshness of youth. Thin hair is
thickened, falling hair checked, and baldness of
temples, though not always cured by its use. Noth-
ing can restore the hair where the follicles are de-
stroyed, or the glands atrophied and decayed.
But such as remain can be saved for usefulness by
this application. Instead of tending the hair with
a pasty sediment, it will keep it clean and vigor-
ous. Its occasional use will prevent the hair
from turning gray or falling off, and consequently
prevent baldness. Free from those deleterious
substances which make some preparations danger-
ous and injurious to the hair, the Vigor can only
benefit but not harm it. It wanted merely for
HAIR DRESSING,
nothing else can be found so desirable. Contain-
ing neither oil nor dye, it does not soil white
cambric, and yet lasts longer on the hair, giving
it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS.
For all the purposes of a Laxative Medicine.
Perhaps no one Medicine is so universally re-
spected by every class as a cathartic, not was ever
before so universally adopted into use, in every
country and among all classes, as this mild
but efficient purgative. The obvious reason is,
that it is a more reliable and far more effective
remedy than any other. Those who have tried it,
know that it cures those who have not, and
know that it cures their neighbors and friends,
and all know that what it does once it does always.
It never fails through any fault or neglect
of its composition. We have thousands upon thou-
sands of certificates of their remarkable cures
of the following complaints, but such cures are known
in every neighborhood, and we need not publish
them. Adapted to all ages and conditions in all
climates, containing neither calomel or any de-
leterious drug, they may be taken with safety by
anybody. Their sugar coating preserves them ever
fresh. Health makes them pleasant to take, while
being purely vegetable no harm can arise from
their use in any quantity.
They operate by their influence on the
internal viscera to purify the blood and stimulate
it into healthy action—remove the obstructions of
the stomach, the bowels, and all other organs of the
body, restoring their irregular action to health,
and by correcting, wherever they exist, such
derangements, the origin of disease.
Minute directions are given in the wrapper on
the box, for the following complaints, which these
Pills rapidly cure:
For DYSPEPSIA OR INDIGESTION, LIVER COMPLAINT,
LANGOR AND LOSS OF APPETITE, they should be
taken immediately after the meals, and will
restore its healthy tone and action.
For LIVER COMPLAINT and its various symptoms,
BILIOUS HEADACHE, SICK HEADACHE, JAUNDICE
OR GREEN SICKNESS, BILIOUS COLIC AND BILIOUS
FEVER, they should be judiciously taken for each
of the above diseases, and will either remove the
obstructions which cause it.
For DYSENTERY OR DIARRHOEA, but one mild
dose is generally required.
For RHEUMATISM, GOUT, GRAVEL, PALPITATION
OF THE HEART, PAIN IN THE BACK, RIGIDITY
AND STIFFNESS OF THE LIMBS, they should be
continuously taken, as required, to change the
disordered action of the system. With such change
these complaints disappear.
For DROPSY AND DROPSICAL SWELLINGS they
should be taken in large and frequent doses to
produce the desired effect.
For SUPPRESSION a large dose should be taken
as it produces the desired effect by sympathy.
As a DYSPEPSIA, INDIGESTION, or other disease
of the stomach, a large dose should be taken to
promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and
bowels into healthy action, restores the appetite,
and invigorates the system. Hence it is often ad-
vantageous where no serious derangement exists.
One who feels tolerably well, often finds that a dose
of these PILLS makes him feel decidedly better,
from their cleansing and renovating effect on the
digestive system.
